	Subtotal – third-party type-test reports	**9**		**12,052.53**

Total	EUR
Cables (Groups A, B and C)	1,515,226.30
Third-party type-test reports	12,052.53
Total, FCA China	**1,527,278.83**

3 Commercial terms

Term	Conditions
Delivery basis	**FCA buyer's nominated forwarder's warehouse in China (Incoterms® 2020)**. Risk passes to the buyer at the forwarder's warehouse.
Included in the price	Cables to the specification in FC-TDS-MIN-2026-0C9D Rev. 2 (construction, materials and the proposed drum schedule), standard printed marking, in-house routine and type testing, drums and export packing, export customs declaration, and inland freight in China to the forwarder's warehouse.
Not included	Origin port charges, ocean or rail freight, cargo insurance, import duties and all costs at destination (including transport to the buyer's warehouse in Belgrade), which are for the buyer's account through its forwarder. Embossed marking (optional – see Section 5).
Delivery to your address (DAP)	Quoted separately on request. Please send the consignee's full delivery address and delivery requirements, and we will calculate the freight from our factory and quote the delivery. Estimated weights, volumes and container loading are in the estimated packing list **FC-PKL-RS-2026-A73C**.
Copper price	Prices are subject to adjustment in line with LME copper market fluctuations.
Payment	T/T: 50% advance payment with the order and 50% balance before the goods are released to the buyer's forwarder.
Production lead time	6 weeks, counted from receipt of the 50% advance payment and confirmation of the drum schedule and of the technical points in FC-TDS-MIN-2026-0C9D Section 12.
Third-party type-test reports	Testing is carried out by an independent laboratory; the schedule is confirmed with the laboratory when the order is placed.
Delivery requirement	The tender requires delivery to the end user within 150 calendar days of the contract entering into force. Production takes 6 weeks (about 42 days) from the event above, which leaves the balance of the period for testing, transit and onward delivery.
Warranty	12 months from signing of the report confirming successful inspection and acceptance of the goods without remarks by the end user.
Quantity tolerance	±3% per drum, as specified in the tender. Drum lengths of at least 500 m per drum (except smaller individual quantities).

4 Technical basis

The offer is based on the technical specification **FC-TDS-MIN-2026-0C9D Rev. 2** (English) and its Serbian-language edition **FC-TDS-MIN-2026-056B**: Group A to DIN VDE 0250-813 with a 5GM5 red outer sheath, two separator layers and an anti-torsion braid; Group B to DIN VDE 0250-812 with a yellow 5GM5 outer sheath; Group C to SRPS N.C5.353 (types EpN 53 and EpN 55), yellow. The points we have asked the purchaser to confirm are listed in Section 12 of that document, and the prices above assume our proposals there are accepted.

5 Marking

The unit prices include **permanent printed marking** of cable type, configuration, rated voltage, standard and year on the outer sheath. We can also supply **embossed marking** on all items, as the tender specifies; embossing adds cost, and its surcharge will be quoted as a separate line if the purchaser requires it. Please let us know the outcome of the request to amend the tender documents.

6 Bank details for payment

Beneficiary bank details (EUR)	
Beneficiary	Anhui FeiChun Special Cable Co., Ltd. (安徽飞纯特种电缆有限公司)
Account number	1302011119100468190
Beneficiary address	Plant No. 3, No. 1 Park, Private Science & Technology Park, Hefei Economic and Technological Development Zone, Anhui, China
Bank	Industrial and Commercial Bank of China, Anhui Pilot Free Trade Zone Hefei Area Sub-branch
Bank address	Building B, Lenovo Technology Port, No. 5899 Xiyou Road, Economic and Technological Development Zone, Hefei, Anhui, China
SWIFT code	ICBKCNBJAHI
Accepted currencies	USD, EUR, HKD, GBP
